## **LD STACKER**

# Mobile Stacker Features

Striker LD Series radial stackers have high capacity stockpiling abilities. They are strong and economical to run with no complicated foundation work and literally have a quick set up time of typically under 1 hour. All Striker LD stackers are designed for easy transport and can be loaded as individual or in some cases multiple quantity into shipping containers for easy shipment.

**Product Include:**

- LD15 – 50ft (15m) radial wheeled conveyor fabricated from pressed side plates and incorporates a 3 roll idler set
- LD18 – 60ft (18m) radial wheeled conveyor fabricated from pressed side plates and incorporates a 3 roll idler set
- LD24 – 80ft (24m) radial wheeled conveyor fabricated from latticed frame and incorporates a 3 roll idler set

**Conveyor Belt** - Standard belt widths available from 650mm (26") up to 1050mm (42") depending on conveyor type.

Standard range conveyor comes hydraulically driven and hydraulically raises and lowers.

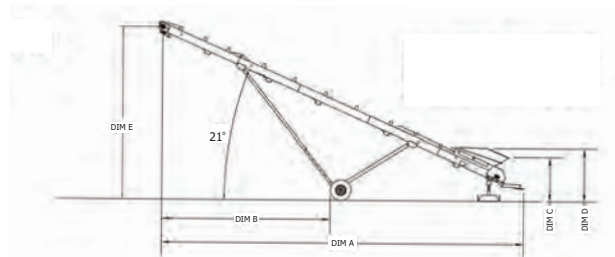

Conveyors are available as hydraulic coupling, electric or diesel self powered. Standard belt widths available from 800mm (32") up to 1050mm (42") depending on conveyor size. Belts are 3 ply Quarry grade.

Each conveyor is fitted with dual scrapers, one at the head end to clean the dirty side of the belt and one on the tail end to eject spillage from the internal side of the belt prior to the tail pulley.

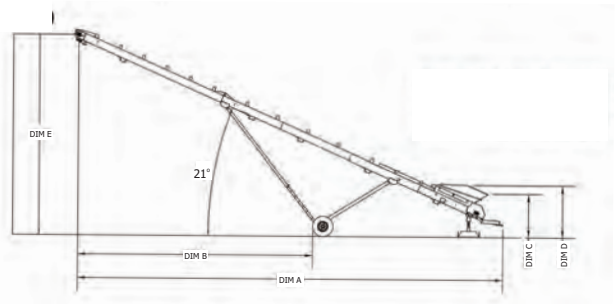

**Options**

- CAT, JCB Diesel Engine
- Electrical Drive
- Heavy Duty Belt
- Radial drive

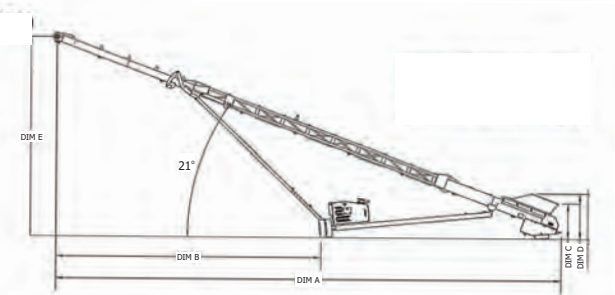

**LD15**

**LD18**

**LD24**
